Still They Come Due

July 1st I paid two more Matured Endowment Policies, one in town and one in Lyndonville. This makes a total of Eighty different matured policies that I have settled in a little over four years. Another one comes due in Kirby, Vt., Aug. 1st and Eleven more during 1914. Between 35 and 40 more will mature in 1915, all in my little "One Horse" agency.

Which all goes to show that I did some business for the good old State Mutual Life of Mass., 20 to 25 years ago at least. When does yours mature? It is a pleasure to show the records of this grand old Co. Can't I interest you?

Chas. S. Hastings

General Agent

ST. JOHNSBURY, VERMONT

Ladies of St. Anne.

Sunday was celebrated as feast day for St. Anne, the patron of the society of St. Anne at the Notre Dame church. At the 7:30 mass in the morning, the members of this society sang, and they also partook of holy communion in a body. At the evening service 26 new members were admitted into the membership of the society. The sermon was preached by Father E. C. Drouhin, who is director of the society. The benediction was sung by the ladies. The society is very flourishing now under the presidency of Mrs. Arthur

Prevost. The other officers are: Vice-presidents, Mrs. Peter Provencal and Mrs. Francis Nolin; treasurer, Mrs. Alfonso Grenier.

Old Red School House Reunion.

The fifth annual reunion of the Old Red School House association will be held at the Red School House in South Wheelock on Thursday, August 6. Dinner will be served at noon, all staple foods will be furnished by the home members. Please bring something for the table. Come one and all, and bring your friends and families.

FRATERNAL MEETINGS

Beginning Friday, July 3rd, and continuing until further notice we will sell all trimmed hats at half price and untrimmed shapes at reduced prices. Ella Williamson Weeks. Hattie Williamson Reed. For a monument marker or cemetery lettering, write or call up 371-11 J. E. Walker.

More houses, more lots and more farms for sale. C. E. KIRK. Diamonds and Wedding Rings. Blackshaw's Hole in the Wall.

FARMERS' ASSOCIATION.

Satisfactory Results with Chemicals and Spray in Ryegate.

County Agent Stimson spent last week in the town of Ryegate. This week he will work in the northern part of the county. Tuesday in Newark, Wednesday and Thursday in Sutton and Burke.

The following Ryegate farmers have chemical demonstrations of various kinds and are well pleased with results: Clarence Bedell, Leslie Hall, W. G. Cochran, J. A. Dunbar, Robert Ralston, C. W. Whitehill, M. C. Holmes, Y. D. Nelson, John Shackford, A. J. Symes, George Nelson, C. F. Robinson, J. Atkin and Crane Bros. Farmers should see these demonstrations.

Dan Adams, H. E. Rowe, Will Martin and Moses Martin of that town have had their orchards pruned and sprayed under Mr. Stimson's directions, and would be pleased to show any interested parties the good results.

The cow test association in that section is flourishing, it started with 450 cows, now has 30 herds with 550 cows, and more farmers would be glad to come in if they could be accommodated.

The State Forestry Department has offered free of charge to anyone in Caledonia county who wishes to avail themselves of the opportunity, trees enough to plant one acre as a demonstration plot, trees to be planted near the roadside under the direction of the state forester.

Any member wishing to consult Mr. Stimson can make arrangements for a visit from him by writing or telephoning the secretary. Mr. Stimson can be seen at his office in St. Johnsbury every Saturday.

Receipts last week were \$19.60; new members, two.

W. ARTHUR SIMPSON, Secretary.

FOOTBALL PRACTICE STARTS

St. Johnsbury Academy Out for State Championship This Year.

The Academy foot ball squad began their first practice Saturday under the direction of their last year's coach, a former Cornell star. The team is out for the state championship this year and the prospects are most promising. All but one of last year's team will return and there is good material coming in from outside. The team last year was composed entirely of new men, yet they lost only two games in the whole season.

Considering what was accomplished last year with so much green material, the Academy team, with the advantage of the experience and able coaching ought to come through a winner.

The greatest handicap that the Academy teams suffer from is the lack of support from the townspeople. The athletic team must have large enough crowds at the games to pay expenses, and buy the necessary apparatus for instruction. The team last fall was severely handicapped by the lack of a tackling dummy, but that difficulty they hope to overcome this year.

The schedule of games this year includes the best teams in the state, Montpelier High 2, Spaulding 2, Montpelier Seminary 2, Newport High 2, and Lyndon Institute 2. The first game is with Montpelier Seminary here, September 19.

Fined for Having Short Trout.

For having seven short trout in possession, Bernard Simpson was arrested by County Warden George H. Chaffee of Middlebury and before Justice J. B. Jewett of Granville paid a fine of \$45.00 and costs of \$7.75. Simpson's catch was 11 trout of which seven were less than six inches in length. The object of the six inch law is to give the trout an opportunity to reproduce once before they are killed.

Proper Printing Pulls Profits.

NEW HOTEL OPENED

The St. Johnsbury House One Of Vermont's Best Hostleries—First Guests Yesterday.

Without any formality, but in response to an urgent demand for the best hotel accommodations by a party from New York, Landford and Mrs. H. E. Moore opened the remodelled St. Johnsbury House yesterday. It might as well be called St. Johnsbury's new hotel because there is not a scrap of the old building in sight in the new building either inside or out. The bright, easy rooms in their fresh dress and furnishings offer no suggestion of former days and when the place is completed St. Johnsbury can offer as good accommodations to travellers as any hotel in the state.

It will be two weeks before the first floor is finished and the front office thrown open for use. But the entrance is made now from Central street and a temporary office arranged on the second floor. When finished the front of the first floor will be used for an office. Back of it on the south side will be the writing room and back of the desk will be Mr. Moore's private office. On the Central street side back of the front office will be the ladies' parlor with toilet room and lavatory opening off from it. The wash room will be in the rear on the Central street side.

The new dining room will be a surprise to old acquaintances of the house as it has been entirely remodelled, has a fine birch floor, a light colored paper and new electric fixtures makes it as bright and cheerful as a private dining room.

The second, third and fourth floors are given over entirely to rooms. The second and first floors are finished in birch and the fourth in spruce in the natural color. On each floor is a public toilet room and there are 16 rooms with private bath. The rooms are arranged so that the suites of from two to four rooms with bath can be arranged as desired. New furnishings have been put into the rooms and all through the house light and pleasant have been successfully aimed at.

TO REMODEL THEIR CHURCH

Universalists to Build New Entrance and Change the Basement.

At a meeting of the Second Universalist society in the vestry of the church Friday evening, it was voted to authorize the trustees, Frank Spaulding, Frank Scott, Fred Gilson, H. A. Chesley and C. F. Sanborn, to carry out plans for extensive repairs to be made on the church building. They may feel at liberty to use between \$5,000 and \$7,000 in this work. The plans made by George B. Burgess, architect, are very nearly completed and will soon go to the hands of the contractors.

The exterior of the church will be greatly improved by a new main entrance. The broad main walk leading to the edifice will divide and an entrance will be made by two flights of six steps on either side of a landing 11-1-2 feet by 4-1-2 feet, and thence up seven broad steps to the door, which will be on a level with the auditorium. The roof over the whole will be supported by square pillars. This method of entrance by part of the steps and side will not only be more attractive appearance to the building, but will prevent the church from looking too highly elevated. A new entrance will be cut into the basement on the Cherry street side, near the front of the building. An entrance for the building, a ladies' parlor, and the minister will be cut at the west side of the building into the dressing room which will be arranged for them at the left of the organ.

The main door leads into a vestibule which will be raised to the same height as the auditorium. Save for a connection between the two small rooms on either side of the organ this part of the building will not be greatly changed. Stairs will go to the basement from the tower at the right of the main entrance and also from one of the dressing rooms at the other end of the church.

Changes in Basement.

The most extensive repairs will be made in the basement. Instead of having the kitchen in the south end of the building as it is now, this space will be used for a spacious stage, 22x17 1-2 feet. It will have a rounding front and convenient dressing rooms on either side and will be very well adapted for little entertainments. A large room 48x37 1-2 feet designed for a Sunday school room, can readily be changed to accommodate an audience. Rolling partitions may be pulled and divide this into rooms of more convenient size for Sunday school work. A new hardwood floor will be laid and the walls will be done over.

In the northeast corner of the building a ladies' parlor has been arranged. Folding doors are cut from this room into the main room so that the stage may be seen from there. There is a large closet and toilet adjoining this room.

The kitchen is on the west side of the building opposite the ladies' parlor. This is fitted up in a most convenient manner. There is a large range and table in the center of the room, and around the room are various cupboards, shelves, cabinets, a gas stove, etc. There are two slides into the large room that will be used for a dining room. These slides have

broad shelves that will greatly aid in the serving. Double acting doors connect these rooms also.

A New Furnace Room.

An addition will be built on the rear of the building for the furnace room. Two large heaters will be installed which will furnish heat to the entire building. There will also be stoves in the ladies' parlor and in that part of the main room in the basement that is nearest the stage. This will be so that should these rooms be used, at a time when the rest of the building was not heated, they could be sufficiently warm.

Several windows will be cut into the basement, making the large room exceptionally light. The foundation will be nearly all rebuilt.

The main auditorium will be practically unchanged in construction, but the walls will all be freshly painted and ornamented with frescoing. The exterior of the church will also be painted. This together with the other alterations will make the church a very attractive, convenient, well equipped building.

WHITCOMB BADLY HURT

Ran into a Team and Was Thrown from Motorcycle—Left Unconscious.

Ralph Whitcomb was seriously injured Sunday night when his motorcycle struck the front wheel of a team as he was passing through St. Johnsbury Center. It was about midnight when the accident occurred and it was several hours before Whitcomb regained consciousness. Dr. Fitch was called and the injured man taken to Brightlook where he was found to be suffering from concussion of the brain, and minor bruises. He is on the dangerous list, but his chances of recovery are good. Whitcomb was running at a rapid rate when he saw the team, and thought they had turned out, far enough for him to pass, but in the uncertain light he misjudged the distance, and struck the front wheel of the team, throwing him head first into the road. No blame is attached to the people in the team.

COURT TO CLOSE FRIDAY

Several Divorce Cases Finished and Chicken Thieves Sentenced.

The June term of Caledonia County court will be adjourned Friday, the court docket will be closed this forenoon and any unfinished business they brought to a close. Yesterday afternoon Messrs. Hodgdon, Stanke and Buscaglia of Hardwick who had been convicted of chicken stealing were sentenced to serve not less than one year or more than one year and six months in the house of correction. They have appealed their cases and execution of the sentence is stayed and the respondents placed under \$500 bail.

The following divorces have been granted: Charles W. Cook from Nettie E. Cook for wilful desertion, Forrest M. Gilman from Myrtle M. Gilman for intolerable severity and petty custody of child, Robert L. Edgcombe from Edith N. Edgcombe for wilful desertion, Susie B. Wilkins from W. C. Wilkins for adultery, the defendant serving a term in prison for rape, custody of children given to Mrs. Wilkins, Lydia Parker from Lionel Parker for wilful desertion, custody of children given to the petitioner and defendant ordered to pay \$6 per month alimony, Annie J. Gerry from Clarence A. Gerry for intolerable severity, Alice Deste from Adam Deste for intolerable severity, custody of child given to the petitioner and defendant ordered to pay \$5 per month for eight years toward the support of the children.

MANY SPECIAL PREMIUMS

Will be Offered at County Fair—Great Apple Show Expected.

The fair management are busy perfecting plans for the big Caledonia County Fair. The premium list will be ready for distribution in about a week and will show in addition to the regular premiums, numerous special premiums which are offered by different merchants.

Harry A. Day has been appointed superintendent of horses and Byron Smith superintendent of floral hall, and he is planning with the assistance of St. N. Stimson to have the best exhibit shown for some years. Mr. Stimson expects to have a large apple exhibit as a result of the work that has been put in among the orchards this year.

Among the free vaudeville attractions will be Herr Alber's White Polar Bears which is a big act. The John Fredericks Trio of Acrobats will also be a feature as will Hamptons trained dogs introducing the wonderful trained goose.

There will be balloon ascensions each day with triple parachute drops and sufficient entertainment will be provided so there will be no dull moments.

Boys Surprised Pastor

Harold McBride, Theodore S. Moore and Edward McNeil of South Boston arrived here Saturday and surprised Rev. F. B. Richards, their former pastor, in church Sunday morning. These young men are members of his society, "The Knights of King Arthur," at South Boston. They are taking a rather unusual vacation. They went from Boston to Portland by boat and walked most of the way from there to St. Johnsbury. They were the guests of Mr. and Mrs. Richards over Sunday, leaving Monday by auto for the Profile House. From there they plan to walk to Boston, stopping at Lake Winnepesaukee, Winnisquam and other places of interest.

MET TWO DEFEATS

St. Johnsbury Finds Littleton and N. Attleboro Too Fast—Yesterday's Contest.

Yesterday the fast North Attleboro, Mass., team took the locals into camp by the score of two to one. There were several times when each team was close to scoring more runs, but it was impossible to quite make them. The real reason for the defeat was the inability of St. Johnsbury to find Glennon, Leveseur being the only man to register a safe hit off the elongated pitcher. Glennon did not do spectacular box work, but kept the usually heavy-hitting locals popping flies or batting weak rollers to the infield. Glennon looked to be about the best pitcher who has so far visited us. Lamond in left field pulled down one pretty fly and knocked out the only extra base hit of the game, besides hitting for one base, also, and Curry at third base looked pretty good around the bag. St. Johnsbury lost two good chances to score, and probably the game in this way. In the second inning, after Connor had been retired Smythe whaled the ball into deep left center for a three base hit, but neglected to touch first base in his circuit, and the ball being relayed in and thrown to first lost Smythe an almost sure run. Again in the fifth, with one down, Leveseur singled. Hoernle running for him took third, while Joe Moore beat out a hit along the first base line, but the melee looked to the umpire as if Moore had been touched out, and he so declared it. The next man struck out. Aside from these two chances, St. Johnsbury did not really threaten again. Their lone run came in the third, when Leveseur's grounder was missed by Curry, and he advanced to second on Moore's bat and scored on an error by Crehan. North Attleboro's run came in the third also. Cox, first man up, singled, and Witt dropped the throw on Reed's bunt, which should have put him out. Glennon sacrificed them along, and Kelley singled, scoring Cox. Flavin fled out to Moore, and Reed scored on the out. The last out was a liner into Connor's hands. In the second inning after Curry had singled and taken third on Lamond's single, Lamond went to second for an easy steal, and Hoernle and Witt worked the old quick throws from home to second and back to home in plenty of time to put out Curry. After this the visitors took no chances on Hoernle's throwing arm. Hoernle caught a small foul fly that just lifted over his head on an attempted hunt in the seventh that was a piece of quick playing. He relayed the ball to first to catch Glennon, who was a little ways off, but just failed of the second out, though the crowd appreciated the quick thinking.

Scott and Connor contributed a couple of cross-diamond rifle-like throws that were good for put outs, and Moore turned loose one of his famous heaves to the plate in the third, though too late to catch Reed. The score:

Flavin; stolen bases, Kelley, Lammond, Connor 2; double play, Speare to Connor; struck out, by Glennon 3, by Leveseur 4; bases on balls, off Glennon 2. Time, 1 hr., 40 min. Attendance, 350. Umpire Brown.

To-morrow, Littleton plays here for the third game of the series, and Saturday, Berlin, N. H. Next week St. Johnsbury plays Littleton at Littleton, and Burlington here.

Littleton, 13; St. Johnsbury, 3.

In a tragedy of errors, the near-champion St. Johnsbury team was overwhelmed at Littleton, Monday afternoon. There were signs of the famous "come back" power of the team, but the damage was too great to be overcome by hitting, and there was not a great deal of that. Fifteen errors against note is rather interior ball playing, and nearly all were inexcusable ones. Miller, the new pitcher pitched a good game. He was a bit wild, but was touched up for (Continued on page four)

To The American People

The American Little Liver Tablet is the "Best General Regulator." They act as a general tonic to the stomach and bowels: nature is simply aided in doing her work properly, and good health results. They are purely vegetable. Price 25c. Dose—One or two at night as needed. In case of chronic constipation, one-half to one glass of hot or cold water, night and morning is helpful.

The American Throat Tablet has been carefully compounded to meet the general demand for a general throat tablet, to be dissolved in the mouth for hoarseness, sore throat, tonsillitis, coughs and colds. As children cannot gargle, and the American Throat Tablet is as palatable as candy, it is the remedy par excellence for them. They are helpful to the stomach and cannot be surpassed as a general remedy to be kept in the house at all times. Price, 25c. Directions—Dissolve one in mouth every hour or two as needed. Small children, one-fourth to one-half tablet.

These remedies can be procured of your regular dealer, or will be sent by mail upon receipt of price.

AMERICAN CHEMICAL CO., St. Johnsbury
